## IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

Re the Application of

HEINZ P. VOLLMERS, et al.

Group Art Unit:

Application No.: 10/579,107

Examiner: To be assigned

Filed: May 12, 2006

Confirmation No.: 3677

For: METHODS OF IDENTIFYING NEOPLASM-SPECIFIC ANTIBODIES AND USES  
THEREOFINFORMATION DISCLOSURE STATEMENT

Commissioner for Patents  
P. O. Box 1450  
Alexandria, VA 22313-1450

Sir:

Pursuant to 37 CFR 1.56, the attention of the Patent and Trademark Office is hereby directed to the reference(s) listed on the attached PTO-1449. Unless otherwise indicated herein, one copy of each reference is attached. It is respectfully requested that the information be expressly considered during the prosecution of this application, and that the reference(s) be made of record therein and appear among the "References Cited" on any patent to issue therefrom. Applicants respectfully request the Examiner return an initialed copy of the enclosed Form PTO-1449 to Applicants with the next Office communication to indicate that the reference(s) has been considered, per MPEP § 609.

This Information Disclosure Statement is being filed before the mailing date of the first Office Action on the merits in the present application. No certification or fee is required.

A copy of the International Search Report is attached for the Examiner's information. According to the Notification of Acceptance in this file, copies of the references are already in the U.S. Patent Office file. For convenience, copies of these references are also attached.

Please note that for Publication No. WO 02/02641 A1, identified as reference number "WR" on Form PTO-1449, a compact disc (CD) that has the sequence listing in compliance with 37 C.F.R. 1.52(e) is enclosed.

7

Respectfully Submitted,  
PILLSBURY WINTHROP SHAW PITTMAN LLP
